

**Anti-War Statement
of the Milwaukee Friends Meeting
June 28, 2026**

As Quakers we seek to live in a manner that takes away the occasion of all wars. War is damaging to every life it touches and impoverishes the planet we leave to our children. We find war inconsistent with our understanding of the greater good, the example and teachings of Jesus as well as the Spirit and wisdom of many religious and spiritual paths. Therefore we condemn all military attacks on sovereign foreign nations, and also those here at home targeting and terrorizing immigrant communities. We call on people of conscience, including our elected leaders, to join together to find peaceful solutions to end the perpetuation of hostilities and violence in our country and around the world.
